## *Clearview Open in Africa and New Zealand*

Clearview Relocation are about to celebrate our 6th year in Qatar. We've been successfully moving staff for corporate clients into Doha and throughout the rest of the Middle East and have experienced consultants in each location.

We launched two further offices in December - our Johannesburg office handles Africa and the whole of Australasia is managed from New Zealand - further details are available at [www.clearviewrelocation.com](http://www.clearviewrelocation.com).

Our UK head office has recently been awarded the EuRA seal accreditation.
