## SPRING SUMMIT

Spring | Summit  
Sponsor & Exhibitor  
Opportunities

We're running a Spring Summit to keep our industry connected while we're still not able to meet in person. We were all looking forward to Seville 2020 and now very much looking forward to Seville 2022! We will be running ten days of live interactive sessions and getting everyone together through our brilliant App. We are not charging for this.

But we do face some costs - our App is amazing and our brilliant AV team at Missing Link will be handling all of the behind the scenes new tech that will keep the event on track. As a result we are on bended knee to ask for just a few sponsors to help off set these

costs. We have three types of sponsorships listed below that are designed to offer the best visibility in a virtual environment.

We know these are uncertain times economically all across our industry and the world, but if you can help support EuRA to support the industry we can help to get your organisation an opportunity for virtual visibility that we aren't able to offer just yet in person!

All of our existing Seville 2022 sponsors will be thanked and visible at the start and end of the event.

## APP & SUMMIT SPONSOR

Opportunities: 1

Cost €1000

Benefits:

Your logo will be on the home screen of the App and of course on the EuRA webpage and on rotation in the App during the 10 days of the Summit

You will have the opportunity to have a film shown at the opening of the Forum

[To Reserve an opportunity click here](#)

## DAILY SPONSOR

Opportunities: 10

Cost €500

Benefits:

Do you have an ad or short film that we can add into the programme? If so just send us the link and we will show the film at the start of one of the sessions. Films need to be less than 90 seconds long.

You will also get your logo on the on the EuRA webpage and on rotation in the App during the 10 days of the Summit  
You will also have your logo pop up during the sessions on your allocated day.

## SUPPORTER

Opportunities: 10

Cost €250

Benefits:

Your logo will be on the on the EuRA webpage and on rotation in the App during the 10 days of the Summit
